INDEX TO VOLUME V.

PAGE

ABDOMINAL wall, illustration of bullet marks on skin of - - 289
ADDISON, OSWALD LACY: A case of thrombosis of a considerable portion of the superior mesenteric vessels without any discoverable cause - - - - - - 173
Ambulatory treatment of fractures of the femur - - - - - 85
Amputation in fractures of the femur - 84
— gunshot wounds of the knee-joint, table of 6 cases - - - - - 473
— secondary, in infected war wounds - 443
Anæsthesia, general, in operations for gunshot injuries of face and jaws 145
ANDERSON, CAPT. H. M., and RICHARDSON, CAPT. G.: Septicæmia as a complication of gunshot wounds, with notes on 13 cases - - 393
Aneurysm, diffuse traumatic, in surgical neck of humerus - - - 243
— traumatic, of the radial artery - 505
Aneurysms of the right subclavian and of the aorta due to penetration by a shell fragment, a case of - 514
Angle's bands for fractures of the jaw - 131
Ankle-joint, gunshot wounds of, mechanical treatment - - 437
Anklet extension attachments in fractures of the femur - - - 71
Aorta, perforation of, by a piece of metal from the œsophagus, causing hæmatemesis and melæna - 512
— and right subclavian, aneurysms of, due to penetration by a shell fragment - - - - - 514
Appliances, prosthetic, in gunshot injuries of the face and jaws - 151
ARDERNE, JOHN, biographical notes of 519
Arterial injuries in fractures of the femur - - - - - - 82
Aseptic technique in bone grafting - 230
Aspiration in gunshot wounds of the knee-joint - - - - - 467
Auro-temporal type of cranio-cerebral injuries - - - - - - 666
Autogenous bone grafts - - 199, 224
Axhausen's work on bone growth - 190
Axis cylinder, histology of - - - 529

B. *ŒDEMATIS MALIGNI* type of septicæmia in gunshot wounds 400, 403, 415
— *perfringens* type of septicæmia in gunshot wounds - 395, 402, 405
Bacteria, varieties of, isolated from bone in projectile fracture - 301

PAGE

Bacterial penetration in projectile fracture of limb bones (*see* Bone, Bacterial Penetration in)
Bacteriological control in the treatment of infected war wounds - - 447
— findings in gunshot wounds of the knee-joint - - - - - 462
BANESTER, JOHN, biographical notes of 8
BARLING, GILBERT: A case of two aneurysms resulting from penetration by a small shell fragment, one of the first part of the right subclavian, the other of the aorta 514
— — The Carrel treatment of wounds 116
— — Note on a case of peptic ulcer opening into the transverse colon - - - - - - 343
Barth's work on bone growth - - 189
Barton bandage for immobilizing the jaw - - - - - - 130, 131
BEAL, NORMAN H.: Hæmatemesis and melæna caused by a piece of metal from the œsophagus perforating the aorta - - - 512
Belchier, part played by, in the development of our knowledge of bone growth - - - - - - 685
Biographical Notes:—
John Arderne - - - - - 519
John Banester - - - - - 8
John Halle - - - - - - 181
Thomas Vicary - - - - - 359
B.I.P.P. in gunshot wounds of the knee-joint - - - - - - 466
Bladder, intraperitoneal perforation of ulcer of - - - - - - 177
Bolts, fixation of bone grafts by - - 241
Bomb wound of face, illustration of - 291
Bone, bacterial penetration in, conclusions regarding - - - - - 326
— — — factors influencing - - 305
— — — influence of blood-supply on 306, 330, 336
— — — — extent and degree of injury 305
— — — — infection of soft parts - 306
— — — — structural and anatomical variety of bone - - - - - 305
— — — — surgical treatment of wound - - - - - 313, 339
— — — — time factor - - - 321
— — — — type of bacteria present - 306
— — — in normal bone - - 303, 332
— — — post-mortem - - - 328
— — — slight power of *B. coli* in - - 334
— — — varieties of bacteria isolated from the bone - - - - - 301
— cancellous, bruising of, in projectile fracture - - - - - - 293

PAGE

Bone, compact, rôle of, in bone growth 197
— cultural reactions of staphylococci and coliform bacilli isolated from 341, 342
— defects, various ways in which they may be made good - - - 206
— fragments, control of, in fractures of the femur - - - - 74
— — treatment of, in bone grafting - 241
— grafting, after-treatment in - - 241
— — aseptic technique in - - - 230
— — clinical methods and general principles of - - - - 230
— — influence of latent sepsis - - 231
— — preparation of the bone to be repaired - - - - - - 236
— — suture of the soft parts 241
— — treatment of periosteum and fragments 241
— — treatment of scar tissue in 231
— grafts, autogenous, homogenous, and of dead bone - - - 224
— — composition of - - - - 233
— — cortical - - - - - 207
— — cutting of - - - - 234
— — cylinder - - - - - 239
— — dead, use of - - 202, 224, 233
— — — and living, comparison between, in the repair of defects in the long bones - - - - 226
— — the employment of ivory for - 202
— — fixation by wire, bolts, etc. - 239
— — half-cylinder - - - - 238
— — homogenous and dead, use of - 233
— — homoplastic and heteroplastic 199, 224, 233
— — influence of fragmentation on growth of - - - - - 215
— — — insecure fixation - - - 220
— — inlay - - - - - - 237
— — intramedullary - - 210, 238, 239
— — light thrown on the process of bone growth by - - 198 *et seq.*
— — methods of fitting to bed - - 237
— — mortised-cylinder - - - 239
— — original experimental observations on - - - - - - - 205
— — — — — summary of results - 229
— — pedicled - - - - - 204
— — pegged cylinder - - - 239
— — preparation of - - - - 234
— — reaction of living bone to metallic suture or pins used in - - 222
— — source of - - - - - 232
— growth, attempt to construct a narrative of the processes occurring in - - - - - - 193
— — and bone repair: the foundation of our knowledge of bone growth by Duhamel and Hunter - - 685
— — history and literature of the subject - - - - - - 185
— — — — — Axhausen's work - 190
— — — — — Barth's work - - 189
— — — — — Macewen's work - 192

PAGE

Bone growth, history and literature of the subject, Ollier's work - - 187
— — light thrown on the process of, by the behaviour of bone grafts 198 *et seq.*
— — madder-feeding experiments on by early investigators 685, 686, 687, 690
— — rôle of the compact bone in - 197
— — — marrow tissue in - - - 196
— — — periosteum in - - - 193
— pegs - - - - - - 210, 225
— — intramedullary - - - 210, 239
— spread of infection in, in projectile fracture - - - - - 301, 323
— tissue, cultivation in vitro - - 204
— transplantation in the repair of defects caused by injury or disease (*see also* Bone Grafts) - 185
— varieties of bacteria isolated from, in projectile fracture - - - 301
Bones of the limbs, pathology of projectile fracture of - - - - - 292
Brain and its enveloping structures, gunshot wounds of (*see also* Head, Skull) - - - - - 558
— — — — — bursting fractures with widespread cerebral contusion 563, 672
— — — — — cerebellar - 612, 618, 624
— — — — — cranio-cerebro-facial injuries - - - - - 563, 656
— — — — — with cranio-cerebral perforation - - - 563, 669
— — — — — end-results - - 683
— — — — — feeding of semi-conscious patients - - - - - 678
— — — — — fractures with dislodged bone fragments penetrating brain - - - - 562, 594
— — — — — fractures with ventricular penetration by bone fragments or projectile - - 563, 632
— — — — — frontal 583, 585, 594, 608, 612, 623, 631
— — — — — local depressed fractures with laceration of the dura and cerebral contusion - 562, 583
— — — — — local fractures with intact dura, with or without cerebral contusion - - - 562, 568
— — — — — mortality and causes of death - - - - - - 682
— — — — — occipital 583, 594, 608, 612, 620, 624
— — — — — operative procedure - 680
— — — — — parietal 583, 590, 594, 595, 612, 622, 627
— — — — — penetrating wounds with projectile and bone fragments lodged in brain - 563, 610
— — — — — question of removal of foreign bodies - - - - - 652
— — — — — relation of helmet to 568, 583, 595, 612, 620

PAGE

Brain and its enveloping structures, gunshot wounds of scalp 562, 564
— — — — — — temporal 583, 590, 594, 612, 613, 624
— — — — — — unoperated cases - 679
— — — a study of a series of wounds involving - - - - - 558
— — — — — — — — results in general 682
— spontaneous movement of a bullet in 422
Breast, two cases of squamous epithelial tumour of - - - - - 417
Broad ligament, two cases of strangulated retro-peritoneal hernia into pouches of - - - - - 694
Bronchopneumonia from careless feeding of semi-conscious patients with skull injuries - - - 678
Bruising of cancellous bone in projectile fracture - - - - - 293
Bullet marks upon the skin of the abdominal wall; with a note on the question of the heat retained by the spent bullet - - - 289
— removal of, from the cerebellum, illustrating spontaneous movement of a bullet in the brain - 422
Burrows, Capt. Harold, & Kazanjian, Major V. H.: The treatment of hæmorrhage caused by gunshot wounds of the face and jaws - 126

'Cadaveric' type of wound 396, 398
Cæcostomy in the treatment of septic peritonitis - - 53, 57
— — — — technique of - - - 58
Calcaneal epiphysis, a case of partial separation of - - - - - 507
Calculus, renal, an unusual case of - 510
Canals, nutrient, of the ilium, *x*-ray markings mistaken for fracture 346
Cancellous bone, bruising of, in projectile fracture - - - - - 293
Carotid artery, external, ligation of, in hæmorrhage from gunshot wounds of the face and jaws 137, 138, 142, 156
Carpus, splinting in fractures of - - 434
Carrel treatment of wounds 116, 426, 428, 438, 466, 467
— — — preparation of Dakin's solution - - - - - - - 123
Cartilaginous grafts in the repair of cranial defects - - - - - 42
— — — — — — notes of 7 cases operated on - - - - - - 49
— — — — — — results of - - - 48
— — — — — — technique of operation 45
Catheterization, ureteral, in gunshot wounds of the kidneys - - 257
Cerebellar wounds, gunshot 612, 618, 624
Cerebellum, removal of a rifle bullet from; illustrating the spontaneous movement of a bullet in the brain - - - - - 422

PAGE

Chest, gunshot wounds of - - - 363
— — — alterations in the diaphragm in - - - - - - - - 364
— — — bilateral affections due to - 368
— — — changes in the lung area produced by - - - - - - 366
— — — collapse of lung in - - 370
— — — course of missile in - - 369
— — — hæmopneumothorax in - 370
— — — hæmothorax in - - 369
— — — localization of metallic foreign bodies in - - - - - - 365
— — — particulars of 26 cases, with skiagrams - - - - - 371
— — — physical signs in - - - 369
— — — pneumothorax in - - - 370
— — — pyopneumothorax in - - 370
— — — radiography in - - 363 *et seq.*
— — — — apparatus employed - 363
— — — — illustrations of 26 cases 371 *et seq.*
— — — removal of foreign bodies - 366
— — — traumatic infarct in - - 370
Clamps for checking hæmorrhage in gunshot wounds of face and jaws 133
Classification of head injuries - - 561
Coliform bacilli isolated from bone, cultural reactions of - - - 341
Collapse of lung in gunshot wounds of the chest - - - - - - 370
Colon, transverse, peptic ulcer opening into - - - - - - - 343
— ulceration of, in the neighbourhood of gunshot wounds - - - 59
Compact bone, rôle of, in bone growth - 197
Compensation case in which the *x*-ray markings of the nutrient canals of the ilium were mistaken for fracture - - - - - - 346
'Concussion' fractures of the femur - 67
Cone, Capt. Sydney M.: Surgical pathology of the peripheral nerves - - - - - - 524
Conical segments in nerves, histology of 530
Cortical bone grafts - - - - - 207
Cranial defects, reparation of, by means of cartilaginous grafts - - 42
— — — — — — notes of 7 cases operated on - - - - - 49
— — — — — — results of - - 48
— — — — — — technique of operation - - - - - - 45
— — — by perforated plates - - 40
Cranioplasty, different forms of - - 44
Cross-section anatomical atlas for reconstructing track of missile in gunshot wounds of the kidney - 263
Crymble, P. T.: Gunshot wounds of the chest - - - - - - 363
Cultural reactions of staphylococci and coliform bacilli isolated from bone - - - - - - 341, 342
Cushing, Harvey: A study of a series of wounds involving the brain and its enveloping structures - 558

PAGE

Cylinder bone-grafts - - - - - 239
Cystitis in gunshot wounds of the kidney - - - - - - 267
Cystoscopy in gunshot wounds of the kidney - - - - - 257, 270

DAKIN and Daufresne's solution in the treatment of infected wounds 116, 123, 426, 427, 438, 466, 467
Dakin's solution, preparation of - - 123
— — proteolytic action of 427, 428, 446
Dead bone-grafts, use of - 202, 224, 233
Decompression operations in bursting fractures of the skull - 676, 677
Degeneration of nerves - - - - 532
— — neurilemma-sheath cell-proliferation in - - - - - - 533
Dental artery, inferior, ligation of, in hæmorrhage from gunshot wounds of the face and jaws - 138
Diaphragm, alterations in, in gunshot wounds of the chest - - - 364
DRUMMOND, CAPT. HAMILTON, and DUNN, CAPT. JOHN SHAW: Ulceration of the colon in the neighbourhood of gunshot wounds 59
— — and MCCARTNEY, CAPT. J. E.: A case of shell wound of liver, where the missile, entering the circulation through the hepatic vein, was found lodged in the right ventricle of the heart - 508
Duhamel and Hunter, foundation of our knowledge of bone growth by - 685
DUNN, CAPT. JOHN SHAW, and DRUMMOND, CAPT. HAMILTON: Ulceration of the colon in the neighbourhood of gunshot wounds 59

EAR, infection from, in cranio-cerebro-facial gunshot injuries - 666
Early treatment of gunshot fractures of the thigh - - - - - 66
Elbow-joint, gunshot wounds of, mechanical treatment of - - 437
— — — surgical treatment - - 442
Epiphysis, calcaneal, partial separation 507
Epithelial tumour of the breast, squamous, two cases of - - - 417
Excision, primary, in gunshot wounds of joints - - - - - - 442
Experimental observations on bone grafting - - - - - - 205
— — — — summary of results - 229
External carotid artery, ligature of, in hæmorrhage from gunshot wounds of face and jaws 137, 138, 142, 156

FACE, bomb wound of, illustration of 291
— and jaws, gunshot wounds of (*see also* Oral and Plastic Surgery) 126
— — — — grave sepsis in - - 156
— — — — hæmorrhage from, clamps for checking - - - - - 133

PAGE

Face and jaws, gunshot wounds of, details of 32 cases - - - 146
— — — — — general anæsthesia in operations for checking - - 145
— — — — — ligation of arteries for 133, 138, 156
— — — — — mortality due to - 145
— — — — — sources of 128, 130, 156
— — — — — treatment of 130, 126, 156
— — — — illustrated notes of twelve typical cases - - - 158–168
— — — — infection of adjacent structures in - - - - - 156
— — — — lung complications in - 156
— — — — splinting in - - 153 *et seq.*
— — — — tracheotomy in - - 156
Fæcal fistula in gunshot wounds of the kidney - - - - - - 267
FAGGE, C. H.: Two cases of strangulated retro-peritoneal hernia into pouches in the broad ligament - 694
Fascial grafting for the repair of traumatic stricture of the urethra - 494
Feeding of semi-conscious patients with skull injuries - - - 678
Femur (*see* Thigh)
Fibroid tumour of the stomach - - 176
Finger of one hand substituted for lost thumb of the other - - 499
Fissures in bone caused by projectile fracture - - - - - - 295
— — — — — spread of infection along - - - - - - 323
Fistula, fæcal, in gunshot wounds of the kidney - - - - - 267
— urinary, in gunshot wounds of the kidney - - - - - - 272
Fixation of bone grafts, influence of insecure - - - - - 220
— — — by wire, bolts, etc. - - 239
Foot-drop, control of, in fractures of the femur - - - - - - 74
Forearm, splinting in fractures of 113, 432, 434
Foreign bodies in brain in gunshot wounds of the skull, question of removal - - - - - - 652
— — localization, etc., of, in gunshot wounds of the head - - - 23
— — metallic, in the chest, localization of - - - - - - 365
— — — — removal of - - - 366
Foundation of our knowledge of bone growth by Duhamel and Hunter 685
Fracture, gunshot, of forearm, splinting 113
— of the ilium simulated by *x*-ray markings of the nutrient canals 346
— projectile, of limb bones, bacterial penetration in (*see also* Bone, Bacterial Penetration in) - - 301
— — — — bruising of cancellous bone in - - - - - - 293
— — — — fissures caused by - - 295
— — — — spread of infection along fissures - - - - - - 323
